

Zeta Zig-Zag LED Strip

zeta
Specialist Lighting

The Zeta Zig-Zag LED Strip provides attractive, even illumination for a wide range of signage applications including; halo effect signage, exhibitions and moulded letters or shapes.

The strip is available in 3m rolls, but can be cut every three LED chips making the solution versatile and adaptable. Uniquely, the strip is arranged in zig-zags which enables the user to manipulate the lighting around corners, a key differentiating feature from other types of LED strip.

With the option to become IP66 rated, using a specially developed sealing spray, the Zeta Zig-Zag LED Strip can be used in both interior and exterior situations to suit the demands of the application.

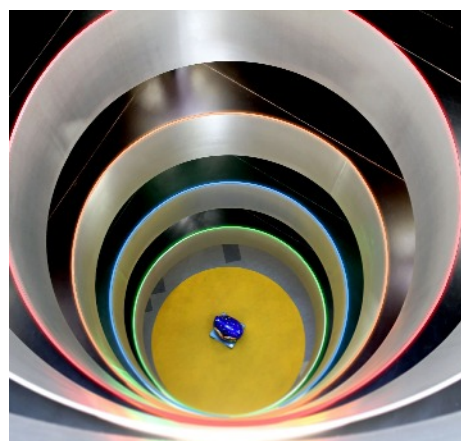

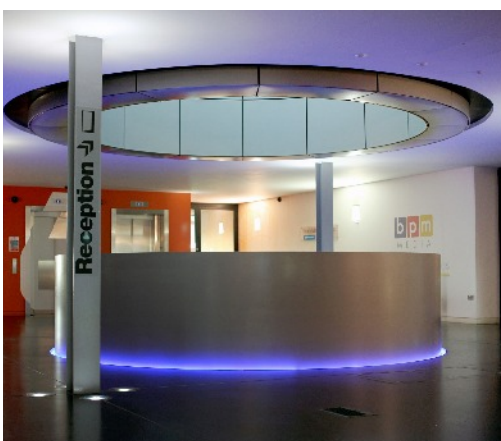

Features:

- Easy to use
- Even illumination
- Versatile
- Adaptable
- Available in 3m rolls
- IP66 rated (optional)
- Energy and cost saving

Applications:

- Interior
- Exterior
- Halo effect signage
- Exhibition illumination
- Back-lit 3D letters
- Staircases
- Archways
- Emergency exits
