

Vista Sharp

Double Sided Pylon

Pylon Signs

Vista Sharp double sided pylons are built from a whole, double sided frame, held upright by 2 designed, elegant legs. This elegant type of sign can accept several graphic substrates, including D-bond panels, Magnetic "papers" and more. Its frameless look emphasizes the content of the graphics, which helps delivering the message clearly, making it a great choice for showrooms, lobbies, office buildings etc.
